

## omNovia vs. gotomeeting/webinar

Over the years, the omNovia Web Conference platform has set new standards in **ease-of-use, reliability, speed** and **customizability**. With omNovia's next generation web conferencing system, you can reliably deliver rich-content presentations in a secure and versatile environment.

Despite gotomeeting's astronomical marketing budget, we have been very successful in attracting their customers. In fact, over 80% of gotomeeting customers who saw an omNovia demo or signed-up for our free trial have switched to omNovia.
